Subject: Technical Corrections on PBO PRA
067501_437080_PRA_06-13-17_CHD_EDITS.docx

Donna and Rick,

As Jose and others have said in their comments so far I think you did a great job with a very complicated risk assessment, especially with the synergism issue.

I ended up with up a few technical corrections on the PRA, and while I included those in the Master Comment document, I'm also attaching a marked up version of the PRA if that's more helpful.
